

Cover overview 2025 Collectief Zeker Pakket

This cover overview is intended to easily show which types of reimbursements are included in an insurance policy. The overview provides a general description of healthcare services. No rights can be derived from this. Additional terms for reimbursement may be included in the policy conditions. There may also be limitations on reimbursement, for example, in the case of a non-contracted healthcare provider.

For a complete overview, we recommend thoroughly reading the policy conditions, which always take precedence.
